The **MEETING, INCENTIVE, CONVENTION & EXHIBITIONS (MICE)** industry is one of the most complicated, interrelated, and intersectional complexes. It is a new form of business tourism that is also the fastest growing section of the international tourism market. It caters to various forms of business meetings, international conferences and conventions, events and exhibitions, and is slowly but steadily capturing every big shotelier's attention. The importance of the MICE industry lies in the fact that it converts business meetings and conferences into more glamorous and enjoyable events for the delegates and attendants.

The definition of **LUXURY TRAVEL** is to undertake a new experience and immerse oneself in a new destination whilst indulging in the very best levels of personal and attentive service, lavish and sumptuous accommodation, exquisite and unrivalled levels of gastronomy and informative and educational guides. It is travel without stress, pressure of time or daily routine, where your every need is pre-empted and your every expectation is met and exceeded
